

# COVID SAFE EVENTS

## SAFELY CELEBRATING & CREATING TOGETHER

- The recently announced COVID19 PROTECTION FRAMEWORK means that during any traffic light level; Red, Orange or Green our Sip n Paint events may continue. **ALL ATTENDEES MUST PRESENT A VALID VACCINATION CERTIFICATE OR EXEMPTION.**
- If you are unable to present a valid vaccination certificate or exemption, you will not be granted entry and will not receive a refund.

### DURING THE EVENT

- We will abide by social distancing rules as per COVID19 PROTECTION FRAMEWORKS and try to maintain social distancing where we can.
- We will actively monitor the room, supplying materials and top ups as needed. Painters are required to stay within their bubbles.
- Masks are to be worn if painters leave their bubbles.
- Hand sanitiser will be available at each bubble.
- If you are not actively eating or drinking, we do encourage painters to wear a mask.

### BEFORE AND AFTER THE EVENT

- Aprons are provided for use. Aprons are washed at 60 degrees, and go through two washes and ironed. Painters are not required to wear an apron, if they choose.
- We clean and sanitise all painting equipment, including paint brushes, easels, aprons and water cups before and after each event.
- We make certain that bubbles are sufficiently spaced to adhere to social distancing guidelines when setting up.
- We only use table clothes once and then dispose of them.
